## May Review

May has been a quieter month whilst the Club prepares for the Warsash Festival in early July.

On 19 May we were joined by Richard Banks who spoke to us about the Warsash Theatre Club, which since 1975 has promoted local theatre and welcomed people who wished to become involved in amateur dramatics. We look forward to working more closely with the theatre in the future. Thoughts are already turning to a club visit to a Christmas Panto.

## Proposed Meetings in August 2026

Aug 4	Business Meeting	Victory Hall
Aug 18	Business Meeting	Victory Hall

### ***And finally..***

As June ends with a heat wave it is good to know that Rotary's newest area of focus is Protecting the Environment.

We are committed to supporting activities that strengthen the conservation and protection of natural resources, advance ecological sustainability and foster harmony between communities and the environment.

We empower communities to access grants and other resources, embrace local solutions, and spur innovation in an effort to address the causes and reduce the effects of climate change and environmental degradation
